# IS THIS YOUR FIRST AUCTION CATALOG?

16th EDITION GUIDE BOOK USED IN CATALOGING THIS SALE

**Gold, silver, small cents, types, commems (gold & silver), and scarce currency,** seem to be rising the most rapidly at present with most bringing close to listed values and a great number bringing even more. Many are rising from month to month with a number "just not obtainable." The coins most in demand will have the greatest number of bidders and with the law of supply and demand working, these coins keep setting new records.

Occasionally a collector writes us asking why our estimated values in some instances are higher than the catalog listing. This occurs when the demand is so great and the supply so small that new records are set whenever these coins come upon the market. If one will take a few moments to reflect, he will understand that it takes several months to compile the necessary information before the catalog can be published, therefore, it is inevitable that the catalog listing will be under the prevailing market price on the items in popular demand at the time of the publication. **The estimated prices are entered only after careful examination of the results in our past sales which reflect the actual and not theoretical value. (PLEASE NOTE THAT MANY OF THE ESTIMATES ARE CATALOG VALUE ONLY. MANY OF THE GOLD COINS, SILVER \$1, WASHINGTON QUARTERS, ETC. ARE ESTIMATED AT CATALOG.)** In the final analysis, you the collector, are the one who sets the price.

**BIDS ARE RECORDED AS FOLLOWS:** Each bid sheet is given a number as it comes in, and the bids are recorded. In the event of identical bids, the first bidder receives the lot. At the last day of the sale, the books are closed with the highest bidder on each lot being awarded the lot at an advance of not over 5% above the next highest bidder. For illustration—the two highest bids received on a lot may be \$17 and \$20. The highest bidder who bid \$20 would receive the lot at \$17.25. We act as your agent and use your bids as a limit—not as a final bid unless we are forced to do so to obtain the lot. We accept unlimited bids which generally assures the bidder of obtaining that lot regardless of what the highest bid may be. Where the lot is bringing far more than we believe it is worth or in the event of two unlimited bidders on the same lot, we notify the unlimited bidders by phone or wire, if necessary, in order to obtain a fixed limit to the bid. Even tho auction purchases are supposed to be final, we do not want you to keep any lots which you believe are improperly described. We endeavor to treat our customers as we would wish to be treated. Coin collecting is a personal hobby which makes life a little more pleasant. We try to keep it on a friendly basis and value the many friends we have made thru the years. If you have any complaints, we want to hear them as well as any compliments.

**YOUR SUCCESSFUL BIDS WILL INSURE YOUR RECEIVING  
SUCCESSIVE CATALOGS WITHOUT INTERRUPTION**

## **BARGAINS GALORE**

In every sale, some lots go at "bargain prices." May we suggest that in addition to bidding on those lots you "really want," you place nominal bids on those lots that "you might buy if they went at bargain prices." While you may not obtain many of these "bargain lots," yet in every sale you may pick up some real bargains.

Sincerely,

A. M. KAGIN and PAUL KAGIN

# An Important Message To You

For the past two years, we have been contacting some of the owners of tremendous collections we have helped build over the years. We are now in our 31st year as dealers, and through these years have helped form some of the greatest collections ever assembled. Many rarities have passed through our hands, and this sale will welcome back a number of them. We have mentioned to some of these "old timers" that they should have the joy and satisfaction of knowing that while they are still with us, they will see other collectors appreciate the quality that they did. As one of the collectors said to us, "I spent years and years of effort and disregarded the cost in assembling what I thought was an outstanding collection. I hope that the new owners will enjoy some of my prizes, as I have."

We are very happy that we were able to induce some of these true numismatists to part with their collections; and the results are much greater than we had ever anticipated. Because of the tremendous value attached to these collections, we have decided to sell them over a period of two or more sales. You will note that we have left out certain sections in this Part I of our 250th sale, and they will be included in our Part II. For easy reading and reference to individual lots, even though there are a number of consignors, we have placed them numerically in order. We have combined over a half dozen outstanding collections under one heading, and you will note that we have planned this sale to include some of the greatest rarities, but also commoner varieties so that everyone on our mailing list will have an opportunity to acquire those that interest them. Our sales are cataloged with YOU in mind, and we want everyone to have an opportunity, whether they collect good, proof, finest knowns, or unique.

As in the past, we have adhered to the policy of "not selling names"! We have purposely left out the consignor's names. We believe that a coin should stand on its own merits regardless of what name may be attached to a particular coin. We have refrained from using excessive high quality paper and expensive binding, as naturally this brings the cost of the catalogs up considerably, and someone, somewhere along the line (not the dealer) must bear this cost. Our commission rates are as low as 10%, as we feel that the savings of the printing and mailing costs should be passed on to the consignor. If your collection is for sale, we are prepared to purchase it either for cash or handle it in one of our future auctions.

As in every sale, some items go at bargain prices, therefore may we suggest that you study the catalog carefully and send in as many bids as you wish.

For those bidding in our sale for the first time, may we suggest that you read these first three pages of this catalog, and you will find that YOU, the collector, are the one to be satisfied, and that we do not question the return of any item for any reason whatsoever.

Good luck on your bids, and please be sure that you Airmail your bid sheets before June 26th, so that it will reach us in time.

Sincerely,

*A. M. Kagin*  
*Paul Kagin*

# ALL BIDDERS PLEASE READ

## **Terms Governing This Sale**

Bidders unknown to us will please furnish bank or other references or deposit 25 per cent with their bids, and it is agreed that remittance will be made upon receipt of invoice if references are not furnished.

Any coin which is not satisfactory may be returned within five days from date of receipt for full refund. **You must be satisfied. PAYMENT TO BE MADE UPON RECEIPT OF MERCHANDISE.** Coins remain our property until paid for. There will be no charge for executing your bids but the purchasers will be required to pay the postage and insurance on their purchases. If you do not wish coins sent airmail please note this on your bid sheet.

We shall welcome your bids and will try to purchase the coins as much below your bids as possible. **PLEASE BID BY THE LOT.** Unlimited bids are executed at an advance of 5 per cent over the next highest bid. Numbers in ( ) are the quantity of that item.

If you are interested in any particular coin, we shall be glad to have you write us for full information. **LOTS CANNOT BE BROKEN.** Be sure you bid on the correct lot as we cannot be responsible for errors in bidding.

## **NOTICE TO NEW BIDDERS**

### **Our Mail Auction Sales Are Conducted in the Following**

1. Bids are entered in the order received; if identical bids are received, the first bidder is awarded the lot. **SEND BIDS AIRMAIL—IT PAYS.**

2. The highest bidder on the date of the sale is awarded the coin at a slight advance over the second highest bidder. **Bids you send in are the maximum you are willing to pay for the coin. WE, AS YOUR AGENT, TRY TO BUY THE COIN AS LOW AS THE NEXT HIGHEST BID WILL ALLOW.**

3. Valuations placed in the auction catalog are catalog prices, prices generally asked by dealers when the coin is in stock, or prices generally realized at auctions.

**ANY COIN WHICH IS NOT AS REPRESENTED MAY BE RETURNED WITHIN FIVE DAYS FROM DATE OF RECEIPT FOR FULL REFUND. YOU TO BE THE SOLE JUDGE AS TO CONDITION. YOU MUST BE SATISFIED.** No, you won't receive a nasty letter for returning a coin—instead you will receive a letter thanking you for calling attention to the error made in cataloging. While we try to describe coins as accurately as possible, it is inevitable that an occasional error is made in the cataloging of thousands of coins each month. Whenever this happens, we want it called to our attention to help prevent future errors.

Any coins may be inspected prior to the sale, collector to pay postage and insurance both ways.

If you are not interested in these sales, won't you advise us so we may discontinue sending you catalogs.

# YOU MUST BE SATISFIED

Our Sales Are Cataloged With You in Mind. If you have any suggestions, complaints, (yes we receive some now and then), we want to hear them. Having cataloged over two hundred forty successful coin auctions, we believe we are qualified to advise and help you with your numismatic problems. No, we don't "know-it-all" but we do know where to obtain the information we don't have.

We have a number of want lists on hand for the scarce and rare United States coins and currency. Our average commission for obtaining these specimens is only 10 per cent, therefore we believe we can pay the top price for your choice and scarce pieces, no matter how rare. Don't you think it is worth a 8c airmail stamp to find out what we would pay for your outstanding pieces? Naturally we buy collections, too.

## SOMETHING NEW HAS BEEN ADDED

We wish to call your attention to the new service extended as per the bottom of the bid sheet. After receiving requests to apply the amount saved in the awarding of successful bids below the bids authorized we decided to avail this service to all of our clients. It is often exasperating to lose a lot by a few nickels when the amount saved on the successful bids would have been sufficient to increase the original bid to the point necessary to receive the lot. Check the bottom of your bid sheet.

## UNCUT SHEETS 12 NOTES

Unusual and interesting "Conversation Pieces." The owner had these framed and hung them in his den. Judging from their present values, they not only payed dividends pleasure-wise but also money-wise. No doubt they will continue to advance since very few seem to come upon the market.

## COLONIALS

It has been quite some time since we have been privileged to offer a collection of this calibre. In comparing current prices with those of two and three years ago, we were amazed at the sharp advance in values which have taken place without the fanfare generally accompanying the U. S. mint issues. Since not too many colonials have come upon the market, it is difficult to realize that there is a strong demand for them resulting in much higher records being set. We believe the advance in values will continue as more collectors realize how much undervalued these are compared to later coins bringing much higher prices.

FRENCH COLONIES IN AMERICA (La Compagnie Des Indes) CANADA & LOUISIANA 1670 15 sols mounted in plastic lettered "Canada & Louisiana French American Colonies 1670 15 sols Famous Count Ferrari Specimen Said To Be The Finest All Around Specimen Of The 4 Known, Listed In The Standard Catalog." We would grade this coin about extremely fine. The specimen pictured in the Standard Catalog Of United States Coins has a cut down the center obverse. Incidentally, the Stanard Catalog (first issued in 1935 compared to guidebook first issued in 1947) includes all four "French Colonies In America" issues (1670, 1717, 1721-22, 1767) under EARLY AMERICAN COINS (coins used in what is today the U. S.). Why the guidebook omits the first two issues but includes the last two, your guess is as good as ours. Obviously, this omission should be corrected, even if these two issues are rare. In demand by both U. S. and Canada collectors. Acquired three years ago at \$3,500.00. Since then, an inferior specimen has come upon the market valued somewhat more. We believe this GREAT RARITY should now bring closer to ..... \$10000.00

28. 1670 5 Sols, nearly Uncirculated. Also listed on page 12 of the Standard Catalog of United States Coins. Possibly the choicest specimen known! Rare altho not excessively rare as the above. Acquired nearly three years ago at \$750; surely now worth in excess of ..... 1500.00

29. 1721 French Colonies, mint mark "B" (Rouen) sou, nearly Uncirculated, tiny nick. VERY RARE. Listed illogically on page 38 of guidebook—more properly would belong on page 18. Acquired in 1958 at \$150; surely this rarity now worth over ..... 350.00

## 1792 FIRST U. S. MINT ISSUES

There has been a sharp rise in popularity of these issues during the past two years. New records are set when these are infrequently offered.

235. **HALF DISME, LIB. PAR. OF SCIENCE & INDUSTRY**, female bust said to be that of Martha Washington. The metal for the coinage came from the silver-plate furnished by George Washington. MENTIONED BY WASHINGTON IN HIS MESSAGE TO CONGRESS IN NOVEMBER, 1792 wherein he states that a start has been made on coinage. Important historically as well as numismatically! Actually, this coin should also be included as the first half dime since it really did circulate. The bust and virtually all the lettering are very fine, however only "1" of 1792 is visible; over half the reverse is legible, the coin (under a strong glass) appears to have been cleverly "improved". RARE. In strong demand. Acquired at \$295; should now bring closer to ---- 400.00

236. **DISME, LIBERTY and PARENT in full, copper, reeded edge, VIRTUALLY UNCIRCULATED**, only barest friction on highest points, striation on reverse (called "die break" by former dealer). VERY RARE, ESPECIALLY IN THIS REMARKABLE STATE OF PRESERVATION! Only about a dozen said to be known. The Lohr specimen with the plain edge, about two years ago, was ----- \$9750.00

\*\*\* **BIRCH CENT** will appear in Part Two of this Quarter-Millennium Sale (250th) to be issued in about two months.

### RECENT PROOF SETS

We note an upsurge in interest in this series, particularly in the 1937, 1954 and 1957 sets. An unusually strong demand has developed during the past month or two for these three dates. Undoubtedly, this will be reflected in increased values by the time this sale takes place. The other sets will probably also rise to some extent. QUANTITIES ISSUED ARE IN ().

HALF CENTS

258. 1793 G-3, MAGNIFICENT UNCIRCULATED GEM WITH BLUISH BROWN COLOR. A breathtaking sharply struck specimen. Acquired two years ago as "possibly finest known" at \$2,500; since then this date has more than doubled in value or now closer to .....\$5,000.00
259. 1793 Basically extremely fine as to wear but has imperfection at nose and two at right obverse edge (possibly done at time coin was struck). In strong demand for type. .... 750.00
260. 1794 G-3A, Very fine with reverse die break thru second "T" in STATES, right reverse not as sharply struck as balance of coin. VERY RARE. We note the Brobston collection recently sold had a specimen described as "Very Fine with reverse die break, etcetera." "An extremely rare die state, of a very rare variety. \$575.00. Perhaps this specimen will now bring over ..... 600.00
261. 1794 G-5, High Bust and Low Date, almost a twin to the Brobston specimen described as "Very Fine with the obverse stronger than the reverse. Tiny edge nick. \$225.00." This specimen should now bring over ..... 250.00
262. 1794 Resembles G-9 but HAS RE-ENGRAVED DATE, in addition has ROTATED REVERSE at right-angle to obverse. Acquired as uncirculated but close examination with a glass shows faint rubbing. Acquired two years ago at \$875; should now bring over ..... 1500.00
263. 1794 G-4A, Bulged obverse die, about very fine. RARE. The Brobston "nearly extremely fine" specimen was priced ..... 300.00
264. 1795 G-1, Lettered Edge, Pole To Cap, MAGNIFICENT SHARPLY STRUCK PROOFLIKE GEM! A lovely blended bluish golden brown color. Acquired as "Finest Known." Since the outstanding Brobston collection only had an "about Uncirculated" specimen (described as finer than the Dupont and Ryder coins) it is entirely feasible that this could be the "Finest Known." We cannot recall ever seeing an equal specimen in our thirty years as professionals! Acquired nearly two years ago at \$1500; should now bring closer to .....\$3000.00
265. 1795 G-3, Lettered Edge, PUNCTUATED DATE, very fine altho hair not struck up as sharply as balance of coin. Rare and popular. Acquired at \$250; should now exceed ..... 300.00
266. 1795 G-4, Plain Edge, PUNCTUATED DATE, careful study of this coin leads us to believe it is virtually Uncirculated but struck from a slightly porous planchet. The Brobston specimen was described as "Actually we do not think this coin has seen circulation, but the diagnostic die sinking on the obverse and correspondingly on the reverse makes for poor definition of the head and letters of "Half Cent." This must be the more desirable early state of the dies with the head well defined and "Half Cent" fairly sharp. The Brobston specimen was priced \$700; surely this much more desirable specimen worth over ..... 1000.00
267. 1795 G-5, Plain Edge, NO POLE, Uncirculated chocolate. VERY RARE SO CHOICE! Acquired about a year ago at \$950; should now bring closer to 1250.00

268. 1796 G-1, POLE TO CAP, MAGNIFICENT SHARPLY STRUCK PROOF SURFACE GEM! RED BLENDED TO GOLDEN BROWN COLOR. MORE SHARPLY STRUCK AND BETTER CENTERED THAN THE BROBSTON SPECIMEN AT \$9,750.00. THIS IS THE FABULOUS NEWCOMBER SPECIMEN. WHAT A PEDIGREE AND WHAT CONDITION! EASILY NOW WORTH OVER .....\$15,000.00

\*\*\* The Fabulous 1796 No Pole will appear in Part Two of this Quarter-Millennium Sale (250th) to be issued in about two months.

269. 1797 TYPE of Lettered Edge with LOW BUST sitting on top of date, but has PLAIN EDGE, about very fine. Listed as a separate major variety in Standard Catalog. Even MORE RARE THAN LETTERED EDGE which in this choice condition would be worth at least ..... 750.00
270. 1797 "Normal" Plain Edge but DOUBLE STRUCK with Extra "97" on point of bust and 1/200/200, about very fine, light reverse scratch. RARE. .... 275.00
271. 1797 LETTERED EDGE, Struck On A Planchet Cut Down From A 1796 Cent. Basically, rather close to very fine but "Of Ameri" rather weak (probably due to uneven striking on cut-down planchet). Comparable to the Brobston specimen (struck on a planchet cut-down from 1798 cent) but More Of The Lettering shows. The "6" of 1796 quite sharp and distinct at edge opposite face! Without the die break mentioned at chin in the Brobston piece. VERY RARE. The Brobston piece was \$1,250; surely this one worth well over ..... 1,500.00
272. 1797 1 Over 1, acquired rather recently as "extremely fine and choice, RARE, especially so choice," ..... 750.00
273. 1800 Virtually Uncirculated, only barest friction, pinpoint nick. Rare so choice. .... 100.00
274. 1800 Left foot of "T" in LIBERTY missing, extremely fine. .... 75.00
275. 1800 Die break from left corner of E of UNITED and stem of wreath, extremely fine and sharp. .... 100.00
276. 1802 Over 1800, about very fine. One of the choicest specimens to pass thru our hands in quite some time! "Half Cent" clear and sharp. Probably a "condition census" coin. While not quite as choice as the Brobston piece at \$675; on a proportionate scale it should be worth \$400 to near ..... 500.00
277. 1803 G-1, Only 11 berries, INVERTED REVERSE, extremely fine. Rare variety in choice condition. The Brobston specimen was uncirculated at \$250; this one probably worth closer to ..... 150.00
278. 1803 G-2, Only 10 Large berries, a choice extremely fine specimen. The Brobston uncirculated specimen was \$175; this one probably worth closer to ..... 85.00

280. 1804 G-1, Plain 4, stems to wreath, nearly Uncirculated. RARE. Comparable in condition to the Brobston piece (which was double struck) at ..... 300.00
281. 1804 G-2, Plain 4, stemless, OPEN TOP "R" IN LIBERTY creating "LIB-EKTY" variety, nearly Uncirculated. .... 100.00
282. 1804 G-2, Plain 4, stemless, normal LIBERTY, extremely fine. .... 35.00
283. 1804 G-3, Crosslet 4, stemless, virtually Uncirculated, only barest friction. The Brobston piece was uncirculated at ..... 225.00
284. 1804 Crosslet 4, stems, die break thru "R" of AMERICA, RED UNCIRCULATED shading to brown, leaves slightly rubbed. Acquired over a year ago at \$175; should now bring over ..... 200.00
285. 1804 G-7, Spiked Chin, protruding tongue, bluish brown UNCIRCULATED GEM, light die break connecting tops of "Liberty" as described in the Brobston specimen. Comparable to the Brobston piece at \$200; this GEM could now bring closer to ..... 250.00
286. 1804 G-8, Spiked Chin, heavy reverse die break around edge, golden brown Uncirculated. Rare so choice. The Brobston piece was \$200; perhaps this one will now exceed ..... 225.00
287. 1805 Small 5, stemless, RE-ENGRAVED 5, bluish brown Uncirculated. A choice specimen! Rare indeed so choice. .... 200.00

| 319. 1840 Original with Large Berries, bluish brown. VERY RARE. Fewer specimens appear to have come upon the market than of most of the other dates in the 1840's. If rarity is a guide to value, then this great rarity should bring close to .....   | 1000.00       |

## CHOICE 1793 LARGE CENTS

- |  |                |
|--|----------------|
| 330. 1793 S-1, CHAIN AMERI., the reverse while somewhat worn is legible, the obverse while worn but legible has the date only faintly legible. A popular and RARE coin. Seldom offered. The only comparable specimen we have seen during the past year was priced at ..... | 250.00         |
| 331. <b>1793 S-3, CHAIN AMERICA, the obverse is a borderline extremely fine, the reverse is a sharp extremely fine. Quite popular and RARE. Should now bring around</b> .....  | <b>1250.00</b> |

| 333. <b>1793 S-5, WREATH, Large Date, Large Liberty. Important "Type Coin" as the others have smaller date and Liberty. Acquired from a leading Eastern Dealer advertised in the March 1961 Numismatic Scrapbook as "Extra Fine" at \$675; should now bring over</b> ..... | <b>1250.00</b> |
| 334. <b>1793 S-6, WREATH, "Sprung Die" variety, RARE. Acquired in the Penn-Ohio convention sale in October 1961 at \$750; should now bring closer to</b> .....   | <b>1250.00</b> |
| 335. 1793 S-6, Duplicate, good except date has been "tooled" to make it stand out sharper. Have seen worse at .....  | 125.00         |

336. 1793 S-6 WITH PLAIN EDGE rather than the normal Vine & Bars. From the 1961 A.N.A. convention sale described as "Extremely Fine and most certainly guaranteed genuine. Believed to be UNIQUE. Paid \$2,500.00." Actually, the reverse appears to be closer to Uncirculated with the bow-knot not being struck up as sharply as balance of coin. "The catalogue has the 3 types of Chain Cents and the 2 types of Lettered Edge Cents, why not the Plain Edge?". Surely, this GREAT RARITY should bring over \$5000.00
337. 1793 S-8, WREATH, Vine & Bars edge, extremely fine and sharp as to wear but has an evenly eroded surface. Have seen specimens not as sharp priced at \$850 to ..... 950.00
338. 1793 S-9, WREATH. From the 1961 A.N.A. convention sale described "Well struck perfectly centered, all beading shows on both sides. A pedigree coin from the Windsor-Chapman Sale, Lot No. 822, where it was graded and sold as Uncirculated. Valued by present owner at \$3,000.00." With the rapid rise in values the past two years, we believe it should bring closer to ..... \$5,000.00
339. 1793 S-10, WREATH, PERIOD AFTER AMERICA. From the 1961 A.N.A. convention sale as "Uncirculated, chocolate brown color. This variety has recently received considerable publicity and considered by some a MAJOR VARIETY (see Chain, Period variety). Consignor paid \$1,600.00 many years ago and now values it at \$2,500.00." We believe its present value should now be closer to ..... \$5,000.00
340. 1793 S-11a, WREATH, PERIOD AFTER AMERICA, Vine & Bars edge, acquired as "Fine for coin" however we prefer to call it very good plus. A RARE variety (only 13 to 30 known) and TYPE. .... 300.00
341. 1793 S-11b, Wreath, LETTERED EDGE, DOUBLE LEAF EDGE. From the 1961 A.N.A. convention sale as "Choice Extremely Fine, actually shows little or no sign of wear. Another rare and valuable cent, valued at \$1,250.00." An EXCEEDINGLY RARE "TYPE COIN" GREATLY UNDERVALUED IN GUIDE-BOOK! Judging from the "condition census" in the Sheldon Cent book (see back of bid sheet) this could probably be either the 3rd or 4th choicest specimen known! Should now exceed ..... 2500.00
342. 1793 S-11c, LETTERED EDGE, ONE LEAF ON EDGE. From the 1961 A.N.A. convention sale as "Extremely Fine, with little or no sign of wear. Impaired only by slightly rough dark surface. Rare, valued at \$900.00." This RARE "TYPE COIN" should now bring closer to ..... 1750.00
343. 1793 S-11c, Duplicate, barely legible sufficiently to identify coin, numerous nicks, bust and parts of reverse partially legible. Edge Lettering SHARP and quite legible. Have seen worse at ..... 65.00
344. 1793 S-12, LIBERTY CAP. From the 1961 October Penn-Ohio convention sale as "The beading, date and LIBERTY are EXTRA FINE as are the reverse beading, "UNITED STATES OF AMERICA," wreath and fraction. The central part of the bust is close to very fine and "One Cent" does not show. Dr. Sheldon states about this variety, "This reverse can be recognized at a glance, as the central part is raised or elevated, so that One Cent, etcetera, are always weak. If the coin is a little worn, these parts are in many instances entirely gone." He further states that ONLY 20 ARE KNOWN IN ALL. From his description of the best condition ones in the hands of collectors (best he lists is fine) THIS MUST BE A TOP ONE. The A.N.A. sale also had one which they valued \$2,500.00. This one could be \$2,750.00." Judging from the rise in values since then, this GREAT RARITY could now bring closer to ..... 5,000.00

## CHOICE 1793 LARGE CENTS (Continued)

345. 1793 S-13, LIBERTY CAP, very fine obverse with "LIBERTY" and Date being extremely fine, extremely fine reverse. **VERY RARE SO CHOICE.** Acquired in 1961 at \$1250; should now be worth closer to ..... **2500.00**
346. 1793 S-13, Duplicate, very good and sharp obverse, good reverse. **RARE.** Have seen comparable priced at \$600 to ..... **650.00**
347. 1793 S-14, LIBERTY CAP. From 1961 A.N.A. convention sale as "Type with heavy die break from edge at "E" in Liberty through bust to opposite edge at "3" in date. Extremely Fine with little or no wear, slightly rough or granular surface which is often characteristic of this variety. Reputed to be third best known and valued at \$2,500.00." Could now bring closer to ..... **\$5000.00**
348. 1793 S-14, Duplicate, "LIBER," bust and parts of reverse legible, balance worn. The date is particularly bold and fine. After careful examination, we have concluded that the date has been "tooled" to "bring it out." Acquired in 1957 at over \$100; we note poor to fair specimens currently being offered at over ..... **200.00**
349. 1793 S-15, Lot No. 17 of the Edward H. Schwartz Collection sold in New York October, 1961 by Kosoff described as "The aristocrat of the Liberty Cap cents and therefore an **ARISTOCRAT OF ARISTOCRATS** among the Large Cents" says Dr. Sheldon. The finest piece known, a VF-20, is in the American Numismatic Society where a second 14-K, graded 4, also reposes. Three other specimens have been recorded as 15-7-4 grades respectively. Our present offering represents a heretofore unpublished example which takes its place at or near the top of the list. **LIBERTY** and **1793** are strong. The beading at the top and left is strong. There is some pitting in the field and someone, probably years ago, scratched **M** behind head and **I** before throat. The reverse has the raised central part and **ONE CENT** is characteristically weak. Serious collectors should make suitable efforts to examine this great rarity. It may be graded VF-20 and is valued at \$5000.00." This **GREAT RARITY** could now bring closer to **\$10,000.00**
350. 1793 S-16, LIBERTY CAP. Acquired from a leading Eastern dealer in response to an ad in the March, 1961 Numismatic Scrapbook described as "LIBEKTY" (Not in any catalogue I could find) instead of **LIBERTY** as it should be for this variety. The former owner called it **VERY FINE**. It is so close that I am in agreement. Dr. Sheldon — "Eleven of these (S-16) now accounted for. The ANS piece F-12 (fine) finest seen." **IS THIS THE BEST ONE OF THE S-16 OR IS IT A NEW VARIETY (LIB-EKTY)?** I honestly believe this to be a "real best buy" at our price of \$3,500.00. With the price increase since then, this **GREAT RARITY** could now bring between \$5000 and ..... **6000.00**
351. **LETTERED EDGE PLANCHET RESEMBLING THAT USED FOR THE 1793 LIBERTY CAP CENTS.** (One Hundred For A Dollar) overstruck with dies for 1756 Brazilian 6400 reis coin, extremely fine. Accompanying this piece are 6400 reis (supposed to be issued only in gold) pieces of 1760 and 1792 struck in copper with plain edges. The dealer who sold these to the present owner stated that they came from a well known collection and that research showed him that the 1793 U. S. planchets were produced in England and shipped over to the U. S. mint. He then conjectured that the dies for the Brazilian coins were also produced in England and that in this particular instance, they were "tried out" on the U. S. planchet before shipping. He valued this "possibly **UNIQUE**" piece at \$1,000.00. What it will now actually bring, must be determined by you, the bidder. Possibly it will bring more, possibly less.

## SMALL CENTS

- |      |  |           |
|------|--|-----------|
| 577. | 1856 FLYING EAGLE, BRILLIANT GEM PROOF. STRUCK IN PURE NICKEL RATHER THAN THE USUAL COPPER-NICKEL! ONLY 6 TO 8 SPECIMENS SAID TO HAVE BEEN ISSUED. COMPARE THIS TO THE USUAL COPPER-NICKEL OF WHICH 1600 ARE SAID TO HAVE BEEN ISSUED! A GEM SPECIMEN OF THE USUAL COPPER-NICKEL WOULD BE WORTH SOMEWHERE AROUND \$3500.00; SURELY THIS EXCEEDINGLY RARE SPECIMEN IN SUPERLATIVE CONDITION SHOULD BE WORTH .....   | \$6000.00 |
| 578. | 1856 Regular Flying Eagle, bruised but has a FINE AND SHARP DATE. Genuine of course. A "reasonably priced" 1856. Should bring around .....   | 750.00    |
| 579. | 1837 Feuchtwanger Flying Eagle, Uncirculated with luster. Rare thus. ....  | 50.00     |
| 580. | 1857 Regular Flying Eagle, nearly Uncirculated. Cat. unc. ....   | 57.50     |
| 581. | 1857 RE-ENGRAVED "F" IN "OF" OVER SOME OTHER LETTER, GOLDEN UNCIRCULATED GEM WITH HIGH WIRE EDGE! EXCEEDINGLY RARE. ACQUIRED SEVERAL YEARS AGO AT \$250; SHOULD NOW BRING OVER ..  | 500.00    |
| 582. | 1857 Re-Engraved "57", golden Uncirculated GEM. ....   | 175.00    |
| 583. | 1857 DOUBLE DATE with DOUBLING OF ENTIRE DATE CLEARLY DEFINED, golden Uncirculated with WIRE EDGE. ....  | 500.00    |
| 584. | 1858 Regular Large Letters, nearly unc. Catalogs unc. ....   | 95.00     |

| 586. | 1858 Regular small letters, nearly unc. Catalogs unc. ....   | 105.00    |

| 588. | 1858 Flying Eagle, regular Small Letters obverse combined with regular laurel wreath 1859 reverse, golden PROOF. ONLY AROUND 50 SAID TO HAVE BEEN ISSUED! Acquired from a January Numismatist ad at \$950; could now exceed .....  | \$1000.00 |
| 589. | 1858 Rejected SMALL FLYING EAGLE with small letters, reverse oak wreath as in 1860 except broader ornamental shield, golden PROOF. ONLY AROUND 50 SAID TO HAVE BEEN ISSUED! .....  | 375.00    |
| 590. | 1859 Regular INDIAN HEAD, WREATH REVERSE (only year) near unc. Cat. unc. ....  | 65.00     |
| 591. | 1859 DOUBLE DATE with ORIGINAL "9" VISIBLE INSIDE FINAL "9", golden Uncirculated. ....   | 250.00    |
| 592. | 1858 INDIAN TYPE 1859, Brilliant Prooflike Gem. ONLY 200 ISSUED COMPARED TO THE 1600 ISSUED OF THE REGULAR 1856! Since some exist in circulated condition, we are inclined to accept the opinion that these circulated as did the 1856 flying eagle. We note a specimen advertised last June 15 Coin World at \$850. Perhaps this is a bit premature but we believe this price will prevail before very long. For this specimen, perhaps a more realistic price would be closer to ..... | 600.00    |
| 593. | 1860 Indian, SHIELD & OAK WREATH REVERSE, golden Uncirculated, has been cleaned. Catalogs .....  | 45.00     |

594. 1859 TYPE 1860, BRILLIANT UNCIRCULATED WITH PROOFLIKE SURFACE. ONLY 700 TO 800 SAID TO HAVE BEEN ISSUED. Dr. Judd states, "The fact that uncirculated pieces exist indicates that they were struck for regular issue and that this is therefore a transitional piece." Why the guidebook lists the 1856 flying eagle 1c, the 1859 and 1860 transitional 5c, the 1859 transitional 10c, the 1866 no motto transitional 25c, 50c and \$1 but does not list this 1859 transitional 1c, your guess is as good as ours. The old catalogs (over 50 years ago) listed this as a regular coin along with the 1856 flying eagle 1c. MUCH RARER THAN THE 1856 1c. ----- \$ 500.00
595. 1861 Nearly Uncirculated. Catalogs unc. ----- 70.00
596. 1862 Fine. Catalogs ----- 5.00
597. 1863 Golden olive Uncirculated. Catalogs \$20; records closer to ----- 25.00
598. 1863 Regular type but REEDED EDGE, Brilliant Uncirculated. ONLY ABOUT A DOZEN SAID TO HAVE BEEN ISSUED! Evidently an experiment to see if it were practical to reed the minor coins as was being done to the silver gold. Have seen this rarity valued to ----- \$1000.00
599. 1864 Copper-Nickel, nearly unc. Catalogs unc. ----- 40.00
600. 1863 TYPE 1864 THIN BRONZE, NO "L", RED PROOF. ONLY 200 ISSUED. COMPARE THIS WITH THE REGULAR 1864 BRONZE PROOF (150 ISSUED) WHICH HAS RECORDS OF \$850 AND IS APPROACHING \$1000.00
601. 1863 STRUCK IN BRONZE but SAME THICKNESS AS COPPER-NICKEL, Reddish brown Uncirculated. Evidently the mint thought about reducing the cost of coinage by adopting a cent of the thickness of the regular issue but in bronze in place of more costly copper-nickel. The idea of also reducing the thickness of the bronze cent evidently won out (see lot 600) as the thin bronze was adopted in 1864. ONLY 21 TO 25 SAID TO HAVE BEEN ISSUED OF THIS THICK BRONZE! Valued by owner at \$1000.00
602. 1864 Regular Copper-Nickel, Re-Engraved 4 (original 4 too low) golden Uncirculated. ----- 100.00
603. 1864 BRONZE, NO "L", nearly uncirculated (cleaned). TYPE COIN. ----- 40.00
604. 1864 BRONZE, NO "L" BUT THICK AS REGULAR COPPER-NICKEL ISSUED EARLY IN 1864. Weighs 73½ grains. A BEAUTIFUL RED, BLUE AND PURPLE PROOF. INVERTED REVERSE. WE CANNOT FIND THIS PIECE LISTED IN ANY OF THE REFERENCE WORKS. Acquired in a 1961 sale valued at \$1000; could now exceed ----- \$1500.00
605. 1864-L on Ribbon, about fine. Scarce. Catalogs ----- 60.00
606. 1865 RED UNCIRCULATED. ----- 60.00
607. 1865 DOUBLE DATE with clear indication of original date between 8 and 6, good and sharp. Rare. ----- 100.00
608. 1865 Horned 8, reddish orange Uncirculated (possibly cleaned). ----- 100.00
609. 1866 Very good. Catalogs ----- 15.00
610. 1867 OVER 67, Normal Size 67 PUNCHED OVER SMALLER 67 (punched in error) Uncirculated brown with traces of red. RARE. Have seen an occasional specimen during the past year or two at \$500; this one could now realize closer to ----- \$ 750.00
611. 1868 About fine. Catalogs ----- 23.00

## PROOF INDIAN CENTS (Continued)

688.	1877 RED PROOF. A MAGNIFICENT SPECIMEN OF THE "CENT PROOF MOST IN DEMAND." THE RISE IN VALUE OF THIS RARITY HAS INDEED BEEN SPECTACULAR AND APPEARS TO BE CONTINUING. We were shocked when a specimen was offered us for \$2000 at the Chicago Central States convention in April. We must admit it was a lovely specimen, however we were still thinking of the approximate \$1500 figure at which a specimen was reported to have changed hands at during the Los Angeles convention in January. Judging from the almost frantic demand for this date in this GEM condition, we would not be surprised to see it exceed the \$2000 figure and perhaps bring closer to .....	\$2500.00

## PROOF SHIELD NICKELS

784.	<b>1866 WITH RAYS, BRILLIANT PROOF. VERY RARE. IN STRONG DEMAND FOR TYPE.</b> At the recent Central States convention in Chicago, a specimen was brought up to us priced at \$1500. We were a bit shocked at the price until we checked and couldn't find but one other specimen at the entire convention (and that one was hair-lined). It is a bit difficult to keep up with the rapid rise in values on the more popular rarities. On a supply and demand ratio, perhaps the \$1500 figure is not out of line. Perhaps this specimen may even bring more than .....	1500.00

## 1882 BLIND MAN'S NICKEL

802. **1882 REGULAR TYPE BUT FIVE EQUALLY SPACED BARS ON THE EDGE "so a blind man could tell what coin it was." A BEAUTIFUL BRILLIANT PROOF. ONLY 2 OR 3 SAID TO HAVE BEEN ISSUED. A MOST INTERESTING AND UNUSUAL COIN. CERTAINLY ONE WITH "MORE OF A STORY" AND RARER THAN THE MUCH-PUBLICIZED 1913 LIBERTY HEAD NICKEL OF WHICH 5 ARE KNOWN AND WHICH IS VALUED AT \$50,000.00. DR. JUDD ASSIGNS A NOMINAL VALUE OF ONLY \$2,000.00 TO THIS GREAT RARITY IN HIS BOOK ISSUED A YEAR AGO. SINCE IT DOESN'T COME UP FOR SALE, ANY VALUE ASSIGNED TO IT WOULD BE GUESSWORK. WE BELIEVE IT BELONGS IN THE CLASS OF COINS SUCH AS THE 1866 NO MOTTO 25c WHICH LISTS AT \$24,500.00 OR THE 1913 LIBERTY HEAD NICKEL VALUED AT \$50,000.00. At any rate, you can be sure it will be a "SHOW-STOPPER" WHEN PROPERLY DISPLAYED AT ANY COIN SHOW OR CONVENTION! Here, literally, is a "CHANCE OF A LIFETIME" TO ACQUIRE ONE OF THE OUTSTANDING AND RAREST OF ALL UNITED STATES COINS! What it will actually bring, your guess is as good as ours. Since it is our policy to place some sort of a value guide to aid collectors in bidding, we will "stick our neck out" by stating: Perhaps (if not too many bid on it) someone will "steal" it for \$10,000 to \$15,000.00. Perhaps (if more bid on it) it will bring closer to the 1866 no motto 25c price of \$24,500.00. Or (if strong competition develops) it will bring closer to the 1913 Liberty Head 5c value of \$50,000.00. In the final analysis, it is you, the bidder, who must decide its "value" by your bid. May the new owner have similar dividends both in fun and money-wise as did the present owner. THIS MAY BE THE ONLY OPPORTUNITY TO ACQUIRE THIS INTRIGUING AND OUTSTANDING RARITY DURING YOUR LIFETIME!**

1145. 1905 BRILLIANT PROOF WITH ORANGE SLIGHTLY CLOUDY OBVERSE. ONLY 92 ISSUED OF WHICH ONLY A FRACTION CAN STILL BE IN EXISTENCE! CATALOGS A RIDICULOUSLY LOW \$1800 WHEN IT SOLD OVER A YEAR AGO AT CLOSER TO \$3000.00

1146. 1907 NEW TYPE by Augustus St. Gaudens, the sculptor. Designed in medallic High Relief with the center higher than the edges, date MCMVII (1907). The only U. S. coins issued with a Roman date with the exception of the 1915 \$50 Pan Pacifics! It is said that the mint had to strike each coin five times in order to attain the required high relief, and that it cost the mint \$40 per coin to issue the only 11,250 struck. This particular specimen is an exceptionally choice example struck with a HIGH WIRE EDGE AROUND BOTH OBVERSE AND REVERSE. In fact, the obverse wire edge is so high than an uninformed person might mistake it for the extremely rare extra high relief. This lovely specimen also has a lovely satin matte prooflike surface, however close examination with a powerful glass leads us to believe it is not a proof. With "ordinary" specimens having a catalog value of \$850, surely this remarkably choice one should bring well over \$1000.00

## 1879 QUINTUPLE STELLA OR METRIC DOUBLE EAGLE

1164. 1879 Basically similar to regular double eagle but **"\*30\*G\*1.5\*S\*3.5\*C\*35\*G\*R\*A\*M\*S"** around obverse in place of stars, reverse has **"DEO EST GLORIA"** in place of **"IN GOD WE TRUST,"** PROOF. Judd 1644, struck in copper but gold plated. VERY RARE. Judd states ONLY 2 OR 3 EXIST and values it at \$3,000, however we note a West Coast dealer had a specimen at \$4,500.00 in 1962. Judd states many more of the all-gold exist than copper and values the all-gold at \$15,000.00. An international \$20 piece to go with the international \$4 piece (Stella). MUCH, MUCH RARER THAN THE \$4 1879 STELLA!

## \$10 GOLD

1165. 1795 SMALL EAGLE, 15 STARS (states) Prooflike with yellow tint. The Wolfson specimen nearly a year ago sold at \$2300; surely this one now worth closer to ----- \$3000.00
1166. 1796 16 STARS 8X8 (Tennessee became a state) a lovely Prooflike specimen but close examination shows slight rubbing on highest points. The Wolfson "about uncirculated" specimen realized \$1400 nearly a year ago; this prooflike specimen surely now worth closer to ----- 2000.00

1167. 1797 SMALL EAGLE, STARS 12 LEFT & 4 FACING, Uncirculated with PROOF surface reverse. Characteristic obverse die break. Superior to the Wolfson specimen sold last year at \$2100; surely this one now worth closer to ..... \$3000.00
1168. 1797 LARGE EAGLE, STARS 10 LEFT & 6 FACING, BRILLIANT UNCIRCULATED GEM. The Wolfson specimen was only extremely fine and realized \$600; this remarkably choice specimen surely worth at least ..... 1250.00
1169. 1798 OVER 97, STARS 9X4, virtually Uncirculated, only barest trace of rubbing. VERY RARE. Certainly the equal if not actually superior to the "just about uncirculated" Wolfson specimen sold last year at \$2400; surely this rarity now worth over ..... \$3000.00
1170. 1799 STARS 8X5, Small Stars (type 1798) UNCIRCULATED, a nice sharp strike. MUCH RARER THAN USUAL LARGE STARS TYPE (see next lot). We note a specimen last year at ..... 2000.00
1171. 1799 LARGE STARS TYPE 1800, appears to be Uncirculated at first glance but close examination shows slight rubbing. While the catalog has advanced this date to \$750 the Wolfson specimen last year realized \$740; surely a more accurate value for unc. would be ..... 850.00
1172. 1800 Large Stars, extremely fine. Seldom offered. .... 750.00
1173. 1801 Orange with Proof surface, in fact the reverse is so lovely that it resembles the latter day Proofs. Acquired as a "prooflike impression" at .. 1250.00
1174. 1803 UNCIRCULATED, SHARPLY STRUCK, RARE LARGE REVERSE STARS VARIETY! SAID BY A LEADING EASTERN AUTHORITY TO BE WORTH DOUBLE THAT OF THE USUAL SMALL REVERSE STARS VARIETY! Surely this rarity in choice condition should be worth at least ..... 1500.00
1175. 1804 Acquired from a leading dealer in December 1961 as "Brilliant Uncirculated. VERY RARE. Greatly under-valued in keeping with its true rarity. Easily worth over \$1500." Even tho the catalog has advanced its value \$200 during the past year, it is still somewhat behind the market. Keep in mind the rarity of the 1c, 10c, 25c, \$1 of this year, then you can realize why we believe this date is unrecognized for its true rarity.
1176. 1838 CORONET TYPE, Reduced Size, Low Knot of Hair From Ear, about extremely fine. VERY RARE. Only a very few specimens have appeared in our sales thru the years! In demand both as a type and date. Acquired at \$650 about a year ago, surely this rarity should now be worth closer to ..... 750.00
1177. 1839 TYPE 1838 with Large Letters, acquired as extra fine and it is very nearly that. RARE TYPE. We note similar specimens have sold at \$600 to ..... 650.00
1178. 1839 TYPE 1840 with small letters, extremely fine. VERY RARE. This is only the third specimen to pass thru our hands in all our thirty years as professionals. If rarity is any criterion of value, then this rarity should certainly be worth over ..... 1000.00
1179. 1840 Extremely fine and sharp, some luster. SCARCE. Cat. unc. .... 150.00
1180. 1841 Extremely fine, some luster. Catalogs unc. .... 110.00

In checking thru our past sales, we cannot find where we have been privileged to handle this rare date more than three times in our thirty years as professionals! ## \$4 STELLAS

1381. 1879 FLOWING HAIR bust, reverse Large Star, BRILLIANT CHOICE PROOF. IN FACT, THE CHOICEST SPECIMEN TO PASS THRU OUR HANDS IN QUITE SOME TIME! RARE IN ANY CONDITION (ONLY 415 ISSUED) IT IS EXTREMELY RARE IN THIS REMARKABLE STATE OF PRESERVATION. CATALOGS \$6,000 BUT WE SAW A SPECIMEN NOT QUITE THE EQUAL OF THIS ONE AT THE RECENT CENTRAL STATES CONVENTION (April) IN CHICAGO PRICED AT .....\$7500.00

1382. SET FOUR MOUNTED IN A BEAUTIFUL PLASTIC HOLDER, the 1879 Flowing and Coiled hair and the 1880 pair of flowing and coiled hair. A CHOICE SET OF BRILLIANT PROOFS. Careful analysis leads us to believe these are the copper varieties with gold plating rather than the all-gold varieties. ONLY 10 SETS OF FOUR GOLD WERE ISSUED BUT EVEN FEWER OF THE COPPER SETS OF FOUR ARE SAID TO HAVE BEEN ISSUED! A set of the gold was sold over two years ago at \$38,000; the present catalog value is \$47,750. We heard that a gold set was offered earlier this year at close to \$60,000.00. We also found a record of \$15,000 for a copper gold plated set. Perhaps this is the set. Its present value should be closer to .....\$20,000.00

\$2 1/2 GOLD TYPES

1388. 1806 OVER 4, Bust right, Stars Above Eagle, Uncirculated with usual soft strike in center as characteristic of all specimens we have seen. **ONE OF THE RAREST OF THE EARLY TYPE.** Only 1616 issued of which only a tiny fraction has survived. ## 1861 DEMAND NOTE CURRENCY

The first issue of currency as we know it today. THE ONLY ISSUE WHICH DOES NOT BEAR THE TREASURY SEAL or the SIGNATURES OF THE TREASURER and REGISTER. Payable on demand (IN EITHER GOLD OR SILVER). The Civil War put gold at a substantial premium over silver resulting in the Demand Notes circulating at a substantial premium over the Legal Tender notes issued the following year of 1862. Naturally, the demand notes were turned in for the premium and very few specimens have survived. WHAT FEW ARE STILL IN EXISTENCE ARE GENERALLY IN WRETCHED CONDITION!

### 1902 RED SEAL NATIONALS

Somewhat scarcer than the catalog indicates. Only issued for a short time. Should rise in value.

### 1902-1908 NATIONALS

This issue is somewhat scarcer than the catalog indicates. We believe they will prove to be a good investment at the present small premiums. Need we say more?

Even the more readily available \$20 notes of Utah are not priced—only indicated by "RARE." The \$5 notes have a catalog value of about SIX TIMES THAT OF THE "COMMON" STATES. Using this same ratio of values, we arrive at \$225 X 6 or \$1350.00. What this desirable note will actually sell at, must be determined by you, the bidder.

### 1902 BLUE SEAL NATIONALS, TYPE I

EMERGENCY ISSUE with obligation "Secured by United States Bonds OR OTHER SECURITIES" (normally only U. S. bonds are acceptable as collateral). Much scarcer than the usual TYPE II 1902 blue seals. Why the catalog does not divide the two 1902 blue seal issues, your guess is as good as ours.

1901.	\$5 F-600, MICHIGAN, First of Alger County at Munising, CHARTER 9000, very good. Scarce state.

PIONEER & TERRITORIAL GOLD

One of the most fascinating branches of American numismatics. The prices received at the recent sale of the Emerson Gaylord collection in Boston bore out the increasing interest and values in this series. No doubt many of the present values will appear as "bargains" in the not too distant future.

1965.	A. BECHTLER (1830-1852) 1 Dol., CAROLINA GOLD, nearly Uncirculated with luster, struck on a wavy planchet so characteristic of this large thin soft gold coin. The first gold dollar to circulate in the U. S. The Gaylord specimen "about unc. with light mark at the 7" recently brought \$225; surely this specimen worth	250.00
-------	--	--------

1966.	NORRIS, GRIEG & NORRIS 1849 \$5 Plain Edge, nearly Uncirculated with luster. One of the earliest of California gold coins. Comparable to the Gaylord specimen ("uncirculated although some traces of cabinet friction are visible") however the Gaylord coin had a "A tiny mark at edge where coin was evidently tested for gold content" (actually, a small chip out of the planchet). The present specimen does not have this defect. The Gaylord piece went quite reasonably at \$975 on an estimated value of \$1,250; this present SUPERIOR could should surely bring	\$1500.00
-------	--	-----------

# PIONEER & TERRITORIAL GOLD (Continued)

1967.

MOFFAT & CO. 1849 \$5 design closely resembles the regular U. S. \$5. Acquired in 1962 described as "S.M.V. (Standard Mint Value) CALIFORNIA GOLD, one of the earliest California Gold; About Uncirculated (only barest rubbing). Rare. Better than the last specimen we had at \$450.00; should easily exceed \$500.00." Perhaps this coin will now reach the estimate of \_\_\_\_\_

500.00
1968.

1849 \$10 Moffat & Co., extremely fine obverse with nick in field, nearly Uncirculated reverse with luster, variety with TEN DOL. We note the new catalog has advanced its value (unc.) to \$1000 reflecting the increasing demand and small supply. In view of the present active market, we would not be surprised to see this coin bring closer to \_\_\_\_\_

1250.00
1969.

1850 \$5 Moffat & Co., similar to the 1849 but RARE CRUDE DIES variety, Uncirculated with orange color, barest rubbing, ROTATED OR TURNED REVERSE DIE. Much rarer than 1849. Should bring over \_\_\_\_\_

750.00

1970.

AUGUSTUS HUMBERT UNITED STATES ASSAYER OF GOLD CALIFORNIA 1851, \$50 United States Of America, 887 THOUS., Reeded Edge, the usual "very fine" specimen with weak struck "Augustus" but only a minimum amount of the small abrasions so characteristic of these large heavy coins. The Gaylord specimen was superior and realized \$2925; this one should bring around \_\_\_\_\_

\$2000.00

1971.

1852 \$10 Augustus Humbert, extremely fine, Unlisted Reverse Die Break. RARE. The regular variety without die break in the Gaylord collection in similar condition realized \$550; surely this MUCH RARER variety worth over \_\_\_\_\_

750.00
1972.

1852 OVER 1 \$10 Augustus Humbert with characteristic reverse die break as appears on all specimens of this variety, extremely fine with usual light striking of center of reverse due to die break. MANY TIMES RARER THAN USUAL 1852 VARIETY—at least 10 and perhaps 20 times rarer. Not in the Gaylord collection. Easily worth over \_\_\_\_\_

1000.00

1973.

\$20 1852 OVER 1 Augustus Humbert, a choice nearly Uncirculated specimen of this OUTSTANDING RARITY. In fact, ONE OF THE RAREST OF ALL PIONEER GOLD! A leading specialist of this field ventured the opinion that "Only one half to a dozen specimens exist—probably closer to 8 or 10." We note a specimen described as superior condition was valued at \$6500; surely this coin now worth that value \_\_\_\_\_

\$6500.00

1974.

UNITED STATES ASSAY OFFICE OF GOLD CALIFORNIA \$20 1853, variety with 900 THOUS. OVER 884 (to conform to fineness of gold in U. S. coins) a CHOICE UNCIRCULATED specimen of this UNLISTED variety. Acquired at \$1500; could now bring closer to \_\_\_\_\_

2000.00
1975.

\$20 1853 U. S. Assay Office, 900 thous., RARE UNLISTED VARIETY with INVERTED "V's" IN PLACE OF "A's" in AMERICA, extremely fine with luster. \_\_\_\_\_

1000.00

1976.

\$20 1852 U. S. Assay Office, IMPRESSION OF REVERSE DIE STRUCK ON SQUARE SILVER PLANCHET. Since no 1852 \$20 Assay is known in gold, THIS IS THE ONLY 1852 \$20 ASSAY ANY COLLECTOR CAN HOPE TO OWN! Truly, AN OPPORTUNITY OF A LIFETIME! In the original envelope of purchase from a leading New York dealer at \$1400; surely this great rarity now worth closer to \_\_\_\_\_

\$2000.00

1977.

WASS, MOLITOR & CO. 1855 \$50 ROUND, the usual very fine to extremely fine specimen with the usual minor abrasions so characteristic of these large heavy soft gold coins. IN STRONG DEMAND AS THE ONLY "ROUND \$50 SLUG" (except for the "impossible" \$50 Kellogg). Records for similar specimens range from \$5500 to over \_\_\_\_\_

\$6500.00

1978.	KELLOGG & CO. 1854 \$20, variety with 2 short arrows and a "stick," virtually Uncirculated, only barest friction. RARE. The "commoner variety" Gaylord specimen realized \$710; surely this much rarer variety worth well over \$750, perhaps .....	850.00
1979.	1855 \$20 Variety struck from late state of the die with open top 5 resembling a 3, long arrowheads, nearly Uncirculated with luster, the top hair strands are remarkably sharp.
